

#### Introduction

New STCW requirements have now been implemented, and the Norwegian cadet book in paper has now been replaced by Webcadet.

The 4 Maritime training offices in Norway have created a digital version of the cadet book, which has now been approved by the Norwegian Maritime Directorate.

Earlier the training officers' tasks were to:

- Approve experience/sea time
- Sign that he/she is the cadet's training officer
- Approve and sign all competence tasks

In Webcadet the training officer/instructor's responsibilities are to:

- Sign that you are a training officer for cadet
- Sign the ship familiarizations for the cadet
- Sign the tasks that the cadet has successfully completed

#### Login

Log in on the website <a href="https://webcadet.no/">https://webcadet.no/</a>

It is also possible to log in via our website: <u>www.maropp.no</u>

NB! When you log in as a user for the first time, click "Forgot Password", and then choose where you want to receive your password; by e-mail or SMS.

It is your **personal email address** which will be used.
